# Tom Dixon. x bute

Micro boucle is a textured wool-silk nepped fabric with contrasting flecks. These flecks add an element of tactility and depth to the fabric. The Isle of Bute's natural palette of earthy colours found in moss, seaweed, shells, pebbles, trees and sand, as well as the intricacies and details of the terrain are evident in the Micro Boucle collection.

The narrative of two intrinsically British companies, each with a mutual respect for quality, sustainability and the environment, provided the foundations for this unique collaboration, and celebrates the British heritage of both brands.

The quality of the craftsmanship and the appreciation for detail in the design and manufacturing process has resulted in a collection of fabrics that are distinctive, practical and beautiful. This collaboration combines Tom Dixon's sculptural and eccentric design aesthetic with Bute Fabric's specialist skills in the traditional art of weaving, resulting in a versatile collection that captures the spirit of both brands.

# Micro Boucle CF1133

## Design

Micro Boucle CF1133  
created by the Bute Design Studio in  
collaboration with Tom Dixon.

## Application

Woven upholstery & drapery fabric  
suitable for both heavy duty contract  
and domestic applications.

## Composition

68% wool, 21% Polyamide, 11% Silk

## Fabric Weight

532g/linear metre, 380g/m<sup>2</sup> approx.

## Fabric Width

140cm approx. standard usable width.

## Fabric Length

Lengths controlled and registered  
by calibrated measuring devices.

## Abrasion Resistance

Martindale 100,000 cycles

## Light Fastness

Colours comply with the requirements  
of BS EN ISO 105 – B02

## Flame Retardancy Certifications

Passes Crib 5 Contract Upholstery  
Passes Cigarette and Match  
Passes CAL 117

## After Care

Regular maintenance greatly extends  
the useful life of a fabric. Ask for details  
of cleaning recommendations or consult  
a professional cleaning organisation.

## Special Requirements

Our Design Studio collaborates in the  
development of special fabrics to fulfill  
aesthetic or fitness-for-purpose criteria.

## Ongoing Development

It is our policy to promote continuous  
product development and we therefore  
reserve the right to change technical  
specifications, introduce or withdraw  
fabrics from the Bute Collection  
without prior notice.

Bute Fabrics Ltd is an accredited BS EN ISO 9001 company.  
ISO 14001 Environmental Management System.

Wool is a natural fibre and is fully recyclable.  
Made in Scotland
